

## Woody Plant Registration: *Kalmia*

Genus: *Kalmia* Species latifolia var. , ssp., f. \_\_\_\_\_  
 Cultivar name submitted for registration \_\_\_\_\_

cross/selection made in \_\_\_\_\_ Yr first flowered \_\_\_\_\_

Seed parent \_\_\_\_\_

Male parent (if known) \_\_\_\_\_

Originated at \_\_\_\_\_ Date selected (named) \_\_\_\_\_

Originator \_\_\_\_\_ Address \_\_\_\_\_

Producer \_\_\_\_\_ Address \_\_\_\_\_

Yr. of commercial introduction \_\_\_\_\_

Published by whom, where and when \_\_\_\_\_

This plant has been compared with and may be distinguished from related cultivars (varieties) by the following characteristic features and to the best of my knowledge represents a new and distinct cultivar (variety). Consider foliage, plant habit, growth rate, flower traits, disease resistance (leaf spot), ease of propagation etc.

Foliage: \_\_\_\_\_

Habit: \_\_\_\_\_

Growth rate: \_\_\_\_\_

Flower bud: \_\_\_\_\_

Flower colour: \_\_\_\_\_

Flower size: \_\_\_\_\_

New growth: \_\_\_\_\_

Note: \_\_\_\_\_

Named from: \_\_\_\_\_

Zone or limits of hardiness \_\_\_\_\_

Adaptation to soils or location \_\_\_\_\_

If patented: Plant patent no. \_\_\_\_\_ Date \_\_\_\_\_ Assignee \_\_\_\_\_

If trademarked: Trademark no. \_\_\_\_\_ Date \_\_\_\_\_ Yr. introduced \_\_\_\_\_
